

Our Future – Our Children's Future?

The 21st century world in which we live is defined by an accelerating pace of change. Communities must adapt and change in order to grow and flourish, to be places where people want to live, to work, to invest, to build, and in so doing pass on the great gifts of opportunity and community to our children and grandchildren. Having represented you as both a Councillor and Deputy Reeve, I've had a front row seat from which to observe how Tay Valley has failed to meet the challenges imposed by a 21st century world and economy—how too many times decisions have been counterproductive and maladaptive—how real change is desperately needed, and needed now, if our community is to grow and flourish, to be home to our children and grandchildren—indeed to survive. We need real change and real change requires real leadership.

Elect
**X BRIAN
CAMPBELL**
Reeve
