How to vote?

By Internet, telephone or in person.

Why vote?

Your vote is your voice.

For assistance please call 1 800 810-0161
or visit www.tayvalleytwp.ca

Dear Constituents:

I have had the honour of representing you in the Sherbrooke Ward for the past 12 years and wish to continue doing so.

Over the years I have represented your interests on several boards and committees, such as, MNR Fisheries Coalition, the Fire Board, the Library Board, the Tourism Coalition, and the Economical Development working group.

I possess an honest commonsense approach to the increasingly difficult challenges that face our small rural municipality. I strongly believe we can improve on the way we have been doing business in Tay Valley. We need to find a better workable balance.

With your vote, I will:

- Promote continual support of Municipal involvement in local economical growth through cost and service sharing partnerships with our neighbouring Townships.
- Protect and enhance the ecosystems of our lakes and contiguous waterways to ensure high quality environments for fish, wildlife, vegetation and people now and for the future.
- Encourage forms of development that meet our growing and diverse needs while maintaining the unique natural heritage of our community and our highest environmental standards.
- Maintain and improve on our current standard of the water quality in our lakes and advocate for better water level management.
- Support a healthy rural community for our aging population and promote initiatives for affordable housing options.
- Streamline Municipal services and accessibility to all constituents. This means putting you, the taxpayer, first. It means genuinely listening and helping resolve the concerns of all residents both permanent and seasonal on all issues big and small.
- Advocate, lobby and source new funding programs to help grow our Township.

Please vote for me in October.

Thank you.

RoxAnne Dauling
