SPRAY (OBJECTION) WAIVER

I do not wish to participate in the proposed aerial spray application treatment program for the control of the Tent Caterpillar/Gypsy Moth/Hemlock Looper being carried out by Zimmer Air Services in our area.

However, I recognize that lands abutting my property are being sprayed and that some residual overspray may drift onto my lands. (Please check one of the statements below).

My signature below indicates that I have **no objection** to this spray taking place on lands that abut my property and do not require a 'buffer' area maintained around my property. OR

My signature below indicates that I **strongly object** to this spray taking place on lands that abut my property and will require a 'buffer' area maintained around my property. I object to having overspray drift onto my lands.

I understand that only B.t. (Bacillus Thuringiensis), an environmentally friendly bio-insecticide, will be used in this treatment.

NAME: _____
